16 September 2017 (Saturday)

---

**Time:** 09:00 – 11:30

**Gathering Point:** 08:45 at Shatin to Central Link 1128 Project Office at 3/F, Shui On Centre, Wan Chai  
(See map below)

**Fee:** Free of Charge.

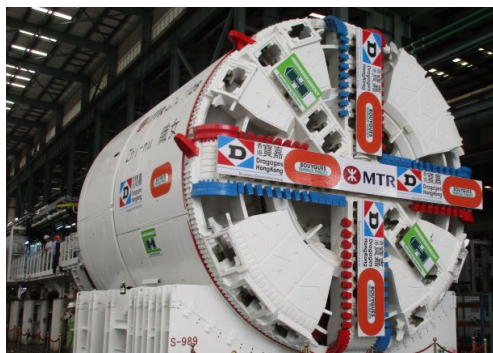

For registration, please email our Hon. Secretary, Ir. Kelvin Choi at [kelvin.choi@dragageshk.com](mailto:kelvin.choi@dragageshk.com) before **1 September 2017**.

Registration will be accepted on a first-come first-served basis. Maximum no. of participants is **20**. Priority will be given to IOM3 members. Successful applicants will be notified before 9 September 2017.

Certificate of Attendance [2.5 hrs] for Continuing Professional Development (CPD) will be provided at the end of the event.

#### Introduction

The Shatin to Central Link 1128 Contract comprises the construction of twin tunnels connecting causeway bay typhoon shelter cut and cover tunnels to Exhibition Station (East area) and the construction of twin tunnels connecting Exhibition Station to the existing Admiralty Station (West area). The Up track tunnel to the East and the Up track & Down track tunnels to the West will be constructed by a Slurry Mixshield TBM. The east Down Track tunnel will be constructed by a specially designed Variable Density TBM due to the limited ground cover and challenging ground conditions. Other works include a ventilation shaft & buildings, ground treatment works and major bridge underpinning across the East and the West areas. Attendees to the site visit would have a unique opportunity to appreciate the latest TBM constructing a tunnel under one of the busiest districts of Hong Kong, further the visit will provide some understanding of the challenges faced when undertaking urban tunnelling works.

**MTRC 1128: Causeway Bay Typhoon Shelter to Admiralty Tunnels**

Please be reminded that PPE will not be provided and you will be required to wear your own PPE (including safety helmet, reflective vest and safety shoes) for the visit. Participant without his / her own PPE will not be allowed to enter the site.
