

# BEAM Plus New Buildings (NB) Training and Examination

## What is BEAM Professional (BEAM Pro)?

**BEAM Professionals (BEAM Pro) are accredited by the Hong Kong Green Building Council (HKGBC) to promote the principles of green building and facilitate the green building certification process.** They are green building professionals trained in various aspects of the entire green building life cycle. A key role of BEAM Pro is to integrate the latest green building standards and practices into everyday building planning, design, construction and operation. In a typical engagement, BEAM Pro are embedded in project teams; and will be responsible for advising the project team on how to achieve the required credit points to attain the client's desired green building rating level.

## About BEAM Pro Training

Effective from **1 January 2017**, the new scheme of BEAM Professional (BEAM Pro) Training and Examination will be launched. Green building practitioners who aim at gaining the professional BEAM Pro accreditation **are required to complete the online Fundamental Course on BSL's Online Training Portal** as a prerequisite before opting into any elective training as follows:

NB – BEAM Plus New Buildings

EB – BEAM Plus Existing Buildings

BI – BEAM Plus Interiors

ND – BEAM Plus Neighbourhood

## About BEAM Plus (NB) Training

This course provides in-depth knowledge of BEAM Plus New Buildings (NB) assessment tool with practitioners who aim to earn the credential to demonstrate their proficiency of expertise. Upon course completion, you will be familiarised with:

- Framework of BEAM Plus NB v1.2
